DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Species II (Figures 4A and 4B) in the reply filed on November 16, 2005 is acknowledged.

2. Claims 9-43, 50-51 and 53-59 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on November 16, 2005.

3. However, the elected claims are further restricted as follows:

Group I - claims 1-8, drawn to a photolithography system having a stage and frame utility, classified in class 355, subclass 72

Group II - claims 44-49 and 52, drawn to a photolithography system having a stage with a transformer, classified in class 355, subclass 53

The inventions are distinct, each from the other because:

4. Inventions Group I and Group II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has a separate utility such as in a photolithography system without the transformer of invention II, and invention II has separate utility such as tray dispenser. See MPEP § 806.05(d).

5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

6. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

7. Applicant is advised that the reply to this requirement to the complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin Gutierrez whose telephone number is (571)-272-5922. The examiner can normally be reached on Monday-Friday: 7:30 a.m. - 4:30 p.m..
